CHLOBONDO.COM | LINKEDIN.COM/IN/CHLOBOND | CHLOE.ASHTN@GMAIL.COM | +1 (613) 315-2569 | OTTAWA, ONTARIO, CANADA

Senior brand and marketing designer with 10+ years of multidisciplinary experience across brand, digital marketing, web, campaigns, events, social, presentations, sales enablement, and print. Deeply experienced in B2B SaaS, designing for technical audiences of developers, engineers, and IT leaders, I bring strategy, craft, and intuition to building cohesive brand experiences, with strengths in art direction, design systems, cross-functional collaboration, and AI-assisted creative workflows that improve consistency and efficiency.

PROFESSIONAL EXPERIENCE

Senior Graphic Designer

Rewind | May 2023 - Aug 2026

B2B SaaS backup and recovery platform for DevOps, engineering, and IT teams

- Owned brand design projects end to end, from creative brief through final delivery, across web, campaigns, events, social, presentations, sales enablement, and internal communications
- Led a company-wide rebrand and website redesign, extending the visual identity across digital and physical touchpoints and establishing a more cohesive brand system
- Built a reusable website component library that reduced landing-page production time by approximately 85%
- Built reusable templates, component libraries, brand guidelines, and design systems that improved consistency and made creative production more scalable
- Partnered cross-functionally with Growth, Product Marketing, Product, Content, executive leadership, and external creative agencies to deliver cohesive brand and customer experiences
- Presented concepts and rationale to stakeholders, incorporated feedback, and carried projects through to production-ready delivery across digital and print
- Managed multiple concurrent projects with minimal oversight, balancing shifting priorities while holding a high bar for craft, accessibility, and consistency
- Art directed three designers, freelancers, and external creative partners; partnered with an in-house motion designer to concept and design assets for motion
- Developed AI-assisted workflows using Claude and ChatGPT to support research, concept development, brand consistency, and production efficiency

Graphic Designer

Rewind | Mar 2021 - May 2023

B2B SaaS backup and recovery platform for DevOps, engineering, and IT teams

- Promoted to Senior Graphic Designer in May 2023 after growing the role from campaign execution into brand and web ownership
- Designed across digital campaigns, web, social, sales enablement, presentations, and internal communications
- Created early brand guidelines, templates, and reusable assets that improved consistency as the company and creative needs grew
- Created illustrations, icons, and custom graphics that gave the brand a distinct visual voice across web and campaign work

Senior Graphic Designer

Ruckify | Nov 2020 - Feb 2021

- Led art direction and visual identity work across digital and marketing touchpoints for an early-stage technology startup
- Developed cohesive systems across typography, colour, iconography, imagery, and layout
- Art directed a 60+ page ESG report, translating complex technical and financial information into a clear, production-ready publication

Graphic Designer, Contract

Point Blank | Aug 2020 - Nov 2020

- Developed brand guides, campaign creative, social assets, and pitch materials across multiple agency clients
- Worked independently within a distributed remote team while balancing competing projects and deadlines

Graphic Designer

Tweed | Aug 2018 - May 2020

- Designed national B2C campaigns across digital, web, retail, social, email, events, presentations, and print
- Developed production-ready assets for retail experiences, launches, activations, merchandise, signage, and consumer marketing
- Collaborated with designers, copywriters, art directors, marketers, and cross-functional partners within a 40+ person multidisciplinary internal agency
- Supported photo and video productions and helped extend campaign concepts across channels

Graphic Designer

Aragona Agency | Jun 2017 - Aug 2018

- Designed digital and print brand collateral for technical B2B clients including Mitel, Solacom, and Curtiss-Wright
